# Strategy Results To Date - Homeownership

### **Employee Housing**

 Down payment assistance for employees

### **Transitional Housing Program**

- Assist Public Housing residents take the step to homeownership
- 100% success rate

### **Expedited Review**

# What are the benefits of using public land for affordable housing?

- Decreases development costs by reducing cost of land
- Provides source of land where vacant land is scarce
- Brings staff and political support
- Increases Town's control to achieve project goals

## Affordable Housing Development: Assembling the Pieces

**Community Support** 

- Leading targeted engagement of those most impacted
- Building and then leveraging relationships with partners
- Creating an affordable housing strategy
- Developing communication and performance measurement tools
- Creating an Investment Plan to resource strategy implementation

# Affordable Housing Fund

- Established in 2002
- Repository for Payments in Lieu from market rate development
- Flexible funding

# Affordable Housing Development Reserve

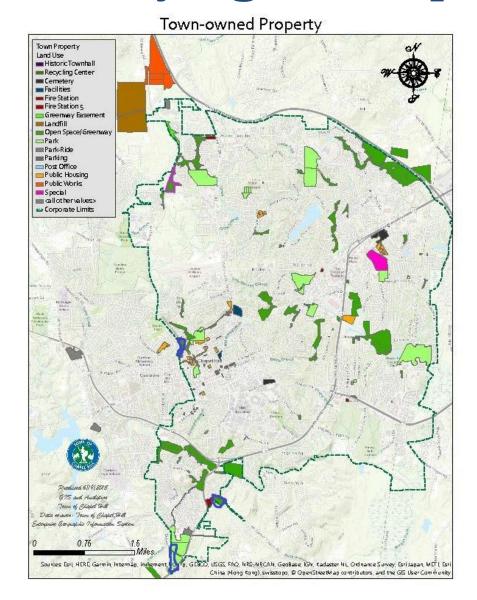

- Created in 2015 as penny on the tax rate
- Currently valued at \$688,395 per year
- For development and preservation of affordable housing

# Affordable Housing Bond

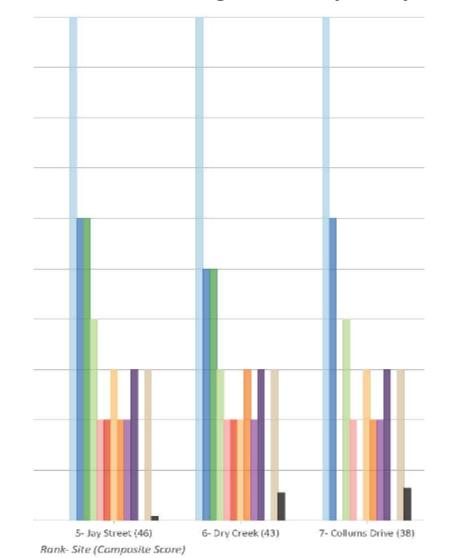

- 2018 bond referendum
- \$10 million
- For large-scale development

## **Identifying Development Sites**

#### **Affordable Housing Suitability Analysis**

## **Assessing Town and Partner Roles**

### **Options**

- 1) Town creates development vision and then finds developer
- Town procures developer who creates vision

### **Factors to Consider**

- Project Size
- Project Impact
- Town Resources
- Anticipated Funding Sources
- Staff Capacity

**Initiation** 

Visioning

**Entitlements** 

Financing & Development

Project Profile: Homestead Gardens

## **Project Goals**

- Increase the availability of housing for households with a range of incomes up to middle income
- Provide rental housing to vulnerable populations
- Ensure long term affordability
- Locate housing near transit services
- Develop housing with high leverage from outside sources

## **Project Timeline**

Council Dedicates Land for Mixed Income Affordable Housing

Council Review of Concept Plan

Create site plan, Engage stakeholders & Council for feedback

Identify Development Partner, Execute MOU

2021

### **Unit Mix & Partners**

- ~100 mixed income, mixed type units
  - Homeownership and rental
  - Apartments, townhomes, duplexes

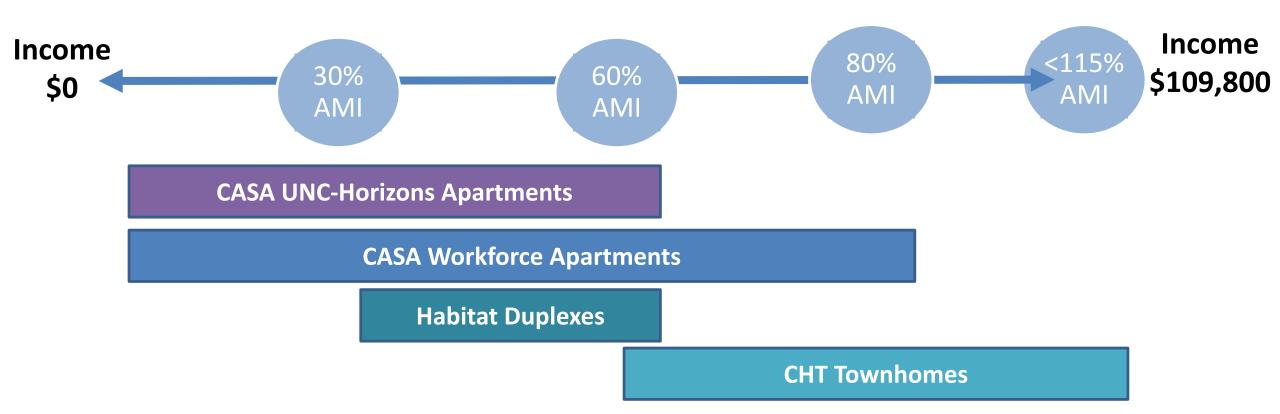

## **Affordability**

- Affordability ranges from 0-115% AMI
- Terms of land conveyance and funding agreements will implement protections to ensure long-term affordability

## **Funding**

- Layers >8 different sources
- Includes local, federal, FHLB, philanthropy,
   NCHFA, private donations
- Availability of flexible local funding kickstarted fundraising efforts
- Early private funding commitment engaged anchor institution and locked in key element of vision.

## **Key Lessons Learned**

- 1. Know your land
- 2. Build a project pipeline
- 3. Find development partners that combine relevant experience and local connections
- 4. Increase capacity of team with strong advisors
- 5. Emphasize comprehensive community engagement
- 6. Incorporate multiple community needs
- 7. Layer funding

## **Questions?**
